

Position Title: **Aircraft Maintenance Engineer (M1)**

Employment Type: Full-Time Permanent

Location: Sudbury, Ontario

Reports To: Director of Maintenance

About MAG Aerospace Canada (Formerly Discovery Air Fire Services):

MAG has been active in the Canadian aviation industry since it was founded in 1950 and is a premier supplier of special-mission aircraft. Our company focuses on niche markets within Wildfire Management, Air Charter, Training, and Airborne Imagery. We are a key supplier of Aerial Fire Detection and Airspace Management (Birdog) Services in Ontario and Saskatchewan. In addition, MAG has been providing specialty Court Air Charter services in Northern Ontario for over 30 years. MAG Aerospace is a global leader in manned and unmanned airborne imagery and surveillance operating on 5 continents and 20 countries worldwide. At MAG, we look for individuals who thrive in a high-performance environment where challenges are the norm and success is expected. If this sounds like you, apply today.

Aircraft types maintained at the Sudbury base include the Cessna 172, Cessna 337, Aero Commander 500, and the Turbo Commander 690.

Pay & Perks:

- Salary is commensurate with experience and qualifications
- MAG Aerospace Canada has a comprehensive benefits package including:
 - Health and Dental Benefits
 - Short-Term and Long-Term Disability Insurance
 - Life and AD&D Insurance
 - Group RRSP with % Company Matched Contributions

Responsibilities:

- Maintain the aircraft in accordance with applicable airworthiness standards and OEM instructions
- Carry out maintenance, repair, modification and daily inspection of the company aircrafts as detailed in the company maintenance control manual
- Complete and certify work reports for all work accomplished on the aircraft
- Follow company procedures as per the maintenance control manual using safe work practices
- Travel will be required during summer months, very little travel required during off-season
- Perform any other duties as may be assigned

The Ideal Candidate:

- Valid Transport Canada M1 License
- 3-5 years' experience on a commercial aircraft, an asset
- Proven track record of success working on complex assignments requiring considerable judgment, initiative and technical/specialized knowledge
- Able to obtain a positive Security Clearance
- Able to work well in a team and within a fast-paced environment
- Strong problem-solving abilities
- Able to work independently with minimal supervision
- Willingness to work shifts including evenings
- Valid Driver's License
